Satisfactory completion

Participants must complete an evaluation to receive a certificate of completion. Your chosen sessions must be attended in their entirety. Partial credit of individual sessions is not available. If you are seeking continuing education credit for a specialty not listed below, it is your responsibility to contact your licensing/certification board to determine course eligibility for your board requirement.

Physicians

Accreditation Statement - This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Amedco and the Special Operations Medical Association (SOMA). Amedco is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation Statement - Amedco designates this live activity for a maximum of 36.50 *AMA PRA Category 1 Credits*TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Commission on Accreditation for Pre-hospital Continuing Education

This CE activity is accredited by the Commission on Accreditation for Prehospital Continuing Education (CAPCE) for 36.25 BEMT CEH.

Certificate of Attendance Statement:

The American Academy of Physician Assistants (AAPA), American Academy of Nurse Practitioners (AANP) and the American Nurses Credentialing Center (ANCC) accepts certificates of participation for educational activities certified for *AMA PRA Category 1 Credit*TM from organizations accredited by the ACCME. Healthcare professionals receiving a certificate of participation should consult with their licensing board for information on applicability and acceptance. Participants will receive a certificate of attendance reflecting the total CE of this activity.

Objectives - After attending this program you should be able to:

1. Advance the art and science of Special Operations Medicine.
2. Improve the capability of the SOF Medical Operator to serve as a Combat Enabler for US Special Operations Forces.
3. Assist SOF to overcome the challenges of distance, difficult evacuations, immature theaters, and prolonged field care scenarios.
